Experience

Interaction Designer   May. 2017 – Present

Microsoft Corporation (Bellevue, WA)
- Create interaction designs in core feature areas of Microsoft Teams from initial concept to shipping, producing designs with prototypes, flows, and vision pieces, and advocating for design solutions by putting them in context of business and user goals.
- Work constructively with product management, writers, engineers, and user researchers to iterate and deliver in a fast paced environment, growing montly active users from 3 million to 10 million.

User Experience Designer   Feb. 2016 – Apr. 2017

Amazon.com (Seattle, WA)
- Developed wireframes, mockups, and interactive prototypes to iterate on concepts for web, mobile, and tablet design experience for internal tools.
- Owned the production of designs and documents for presentation to product managers, peer design teams, and senior executives.
- Conducted usability studies and research, and analyzed data to inform designs.

Product Designer   Feb. 2015 – Feb. 2016

Citrix Systems (Santa Barbara, CA)
- Led the web experience design for GoToTraining, a multi-platform online training tool.
- Worked closely with engineers, PMs, and care team to define and prioritize product requirements, and communicated across teams on onboarding plans and rollout plans.
- Built up interactive prototypes and conducted usability testing, and extracted key tasks and user flows from research data to solve for complex research goals.

UX Architect Design Intern   Sep. 2014 – Jan. 2015

The Walt Disney Company (Burbank, CA)
- Worked with lead designers on creating prototypes for the redesign of an internal website, partnering with project managers, engineers, and client to refine requirements.
- Individually conducted research with employees, creating personas and journey maps.
- Created data visualizations and graphic designs for maps and organization charts.

Education

Master of Human-Computer Interaction   Aug. 2014

Carnegie Mellon University (Pittsburgh, PA)

Bachelor of Electrical Engineering, Minor English   Jun. 2013

Beihang University (Beijing, China)

Skills

Design
Wireframing
Interaction Design
Graphic Design
Storyboarding
Personas and Scenarios
Accessibility

UX Methods
Usability Testing
Competitive Analysis
Survey and Interviewing
Contextual Inquiry
Affinity Diagramming
Heuristic Evaluation
Task Analysis

Prototyping Tools
Sketch
Principle
Axure
Adobe Creative Suite
Keynote

Development
HTML/CSS
Bootstrap
Wordpress
C#/ActionScript

Other skills and interests
Fine art (sketching, painting)
English, Chinese, Cantonese
British Parliamentary debate
Swimming
